Tandus Flooring Receives Top Safety Award from Georgia Association of Manufacturers

Six Tandus Flooring Dalton facilities recognized at annual safety conference

(**Dalton, GA—March 21, 2012**) Tandus Flooring was honored with a first place Georgia Association of Manufacturers Safety and Performance Award for the company's tufting facility. The award recognized manufacturing facilities with 100-299 employees and is one of six awards Tandus Flooring received during the GAM Annual Safety Conference and Awards Luncheon held earlier this month in Atlanta.

"The most important thing is the safety of those who come to work every day. Period," said Glen Hussmann, President and CEO, Tandus Flooring. "Our dedicated teams in manufacturing, facilities management and safety lead the company's charge to ensure we provide our employees with the safest environment and this award is a great honor to their hard work."

Tandus Flooring also received five awards for "No Lost Time Accidents" for its Environmental Center, yarn facility, finishing plant, extrusion plant and distribution center. These awards recognize there were no accidents which required time off for an employee at any of these facilities.

About Tandus Flooring
Tandus Flooring creates innovative floorcovering solutions through our unique product line of Powerbond®, modular, broadloom and woven products that work in tandem to enhance spaces for learning, working, healing and living. Through inspired design and leading-edge technology, Tandus Flooring offers its customers a single-source for innovative product design and technology, comprehensive services, and environmental leadership. For more than 40 years, Tandus Flooring has been examining all the ways to be a better corporate citizen and environmental steward — and then taking actions that lead to demonstrable, meaningful, quantifiable results.
